- Safely and independently operated seed plant to clean and significantly upgrade the quality of mustard to food grade or higher.
- Collected and graded grain samples per internal HACCAP procedures and Canadian Grain Commission (CGC) grading standards to ensure the quality and purity of the product delivered.
- Received and binned bulk grain
- Operated bagging equipment and loaded shipping containers and trucks with clean bulk and bagged products (25kg) in all weather conditions
- Ensured high-quality standards and timelines were met to meet or exceed the internal HACCAP, CGC and client requirements.

Prairie Dome Seed Potatoes

Yorkton, Saskatchewan

Harvest Labourer

September 13, 2021 – October 9, 2021

- Worked long hours in all weather conditions as a farm labourer, helping with the seed potato harvest
- Aided with hand-harvesting, performed data collection, and collected samples
- Operated conveying and sorting equipment to place the crop in safe storage conditions for winter
- Lifted potato samples (25 kg), climbed ladders and worked at heights

IntraGrain Technologies

RM of Sherwood, Saskatchewan

Product Owner (Fuel Lock)

June 1, 2020 – June 16, 2021

- Developed and communicated the technical product goals to production and development departments for successful implementation
- Collaborated with the Project Manager and Intertek to implement in house HIPOT testing and complete the ETL certification process for Fuel Lock
- Developed and performed testing for hardware, software and firmware and reported findings:
 - To contribute to informed decision making for the warranty program
 - To serve as quality control before products were released to customers
 - To contribute to iterative improvements to the customer's experience

RMIS Engineering
DraftspersonRegina, Saskatchewan
July 23, 2018 – April 3, 2020

- Developed drawings (AutoCAD) and specifications packages for roof replacement, building envelope and fall protection projects:
 - To help clients make informed decisions regarding their existing assets
 - To help ensure pertinent information related to quality and safety is conveyed during the bid and project process
- Completed and assisted with roof and building envelope assessments
- Prepared and processed project deliverables and contract documents

Batco (AgGrowth International)
Engineer-in-TrainingSwift Current, Saskatchewan
May 25, 2015 – January 25, 2018

- Designed and helped manufacture conveyor, seed treater, post pounder, and grain vacuum products using CAD (Solidworks) and ERP (M2M) software to contribute to iterative product improvements and manufacturing process improvements
- Worked closely with all stakeholders in the manufacturing process to ensure project deadlines were met
- Completed cost analysis related to manufactured products, purchased products, and facility operations to contribute to the profitability of operations at our facility

Chermik Communications Ltd.
Project CoordinatorSherwood Park, Alberta
Feb. 18, 2014 – May 15, 2015

- Oversaw ETS maintenance contract delivery to ensure the appropriate professional addressed service ticket requests promptly
- Performed quality control analysis and inspected work done by Chermik and subcontractors to ensure reliable service of the final product delivered
- Generated, reviewed, and managed drawings (AutoCAD) and project documentation to successfully meet client submittal requirements

Sprague-Rosser Contracting Co. Ltd.
Piping (Mechanical) CoordinatorK+S Potash Legacy Site & Edmonton, Alberta
2013 – 2014

- Prepared regular reports to ensure client reporting requirements were met to contribute to successful and timely billing of project
- Coordinated and communicated required materials, cost control, scheduling, drawings, and construction activities to ensure transparency of the project progress to management

Women in Science and Engineering (WISE)
Coordinator

University of Manitoba

Winnipeg, Manitoba, Canada, (2009-2013)

- Developed and implemented girls club STEM outreach program
- Facilitated in-person school workshops and day camp programs for youth in various locations across Manitoba.

CURRENT MEMBERSHIP & INVOLVEMENT**Saskatchewan Institute of Agrologists (SIA)**

- Student Member that meets the education requirements to register for the articling program

Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS)

- Eligible for EIT registration and working towards completing my final requirements for P. Eng registration.

American Society of Agricultural and Biological Engineering (ASABE/CSBE)

- STC-03 CASSO-SNSAC Canadian Agricultural Systems Standards Oversight committee member

Alpha Gamma Delta Female Fraternity

- Finance Advisor for Beta Gamma Chapter, Manitoba

EDUCATION**Master of Science in Seed Technology and Business**

May 2020 - Current Student

Iowa State University, Ames, Iowa

- Self-paced online program

Bachelor of Science in Biosystems Engineering

May 2013

University of Manitoba, Winnipeg, Manitoba

Continued Education Topics

January 2015 - July 2019

University of Manitoba, Winnipeg, Manitoba

- Accounting and Finance
- Agriculture, Agribusiness, IoT in Agriculture
